All of the appointments of Mayor Sykes, submitted a week ago, were confirmed by the City Council Tuesday night by a unanimous vote. This action on the part of the Council is evidence of the good judgment exercised by the Mayor.

Thursday evening of this week, at 7:30 o'clock, the Marietta Board of Trade will hold a meeting at its rooms on Putnam street. Among other business of importance to be transacted, the annual election of officers will take place. A full attendance of the membership is urged.

In this paper appears the official call for the Republican primaries and convention, to be held June 15th and 18th, respectively. The convention will be composed of 261 delegates, being the largest in the history of the county. Now that the call is out, we assume that the candidates will hustle more briskly than ever.

Senator Bright, of Logan, who came over Monday evening, left Tuesday afternoon for Caldwell, and David H. Moore, of Athens, who arrived in the city late last night, will also proceed to Noble county's capital today. Both of these gentlemen are aspirants for the Senatorial nomination, and are in search of votes. The convention which will meet at Athens June 4th promises to be a hummer. Washington county has sixty-four votes, and they will be cast in the interest of Washington county.

A few days ago the Republican Central Committee of Noble County passed a resolution authorizing Dr. L. F. Cain, of Caldwell, to name his own delegates to the joint legislative convention for the Morgan-Noble district, which is set for McConnellsville tomorrow, May 23rd. Yesterday the question of endorsing the action of the committee came up in the Noble county convention, which was comprised of 132 delegates. On the test vote the friends of Dr. Cain numbered sixty-seven, being just enough. In view of this action, it is presumed that Dr. Cain will be the nominee for Representative in the above named district, as in tomorrow's convention Noble county will have twenty-seven votes as against twenty-six in Morgan. Dr. LaFevre is Morgan county's candidate.

#### Convention Adjourned Without Voting.

By Associated Press.  
Havana, May 21.—At today's session of the Cuban Constitutional Convention Gualberto, Gomez and Silva withdrew the minority report of the committee on relations and substituted for it the old majority report of the committee signed by Gualberto, Gomez, Silva and Villaverde, which was never acted upon by the convention because of the rejection of the Platt amendment. The convention adjourned without coming to a vote.

#### Allen's First Report.

By Associated Press.  
Washington, May 21.—Governor Allen, of Porto Rico, presented his first annual report. The governor expresses the opinion that the scheme of colonial administration, such as is found in the Danish, French and English West Indies, might be safely instituted with variations, dependent upon the future policy of the home government.

#### SHOT TO DEATH

Was One Brother while Another was Mortally Wounded.

By Associated Press.  
Portsmouth, O., May 21.—Wylie Long was shot and instantly killed by Wm. E. Wallace, proprietor of a road house near here this evening, and his twin brother, William Long, was seriously shot and may die.

The Long brothers started the quarrel with a third party. Wallace interfered and when both attacked him he began shooting. The Longs were bricklayers. Wallace surrendered.

#### Will Settle It By Arbitration.

By Associated Press.  
Linton, Ind., May 21.—Principal Lake of the Terre Haute High School, was today appointed the fifth member of the board of arbitration to settle the difficulty between the Island Coal Co. and the miners. The selection of the fifth member of the board ends the enforced idleness of 400 miners here and the men resume work tomorrow, pending the decision. They receive pay as the arbitration boards decide. Under the Terre Haute agreement the present scale of prices for outside labor shall prevail during the existence of this contract. The result of the decision affects almost every mine in the state. The question to be decided by this board was raised as a test case.

#### Trial Trip.

By Associated Press.  
Bristol, R. I., May 21.—Up and down Narragansett Bay today the cup defender Constitution was put through her first paces and acquitted herself, according to her manager, Mr. Duncan, most satisfactorily. It was the builder's trial.

#### Awful Avalanche.

By Associated Press.  
Milan, May 21.—The village of Aurenza was partly destroyed by an avalanche. The number of fatalities is not known. Already 15 corpses have been recovered.

#### College Notes.

Owing to the rain which fell with intermittent frequency Tuesday morning the inspection of the College Cadets by Capt. W. N. Hughes, of the 13th Infantry, U. S. A., did not take place on the College Campus at the scheduled time. The inspection of arms and accoutrement was made at the Armory on Third street during the progress of the rain. Later when the water supply had decreased in volume the company was paraded up and down Third street. Finally in the intermission of showers, the inspection was completed on the College Campus, the company marching and counter marching under the eyes of the students and a large crowd of spectators.

Capt. Hughes stated that the company wheeled into line better than any company, regulars not excepted, that he has ever seen. On the whole he was much pleased with the showing made and will so report to the War Department.

Capt. Barbour has labored at a disadvantage during the year in his efforts to bring the raw recruits into form, as military training is a new feature in the curriculum of the College. The members of the company have, however, heeded his instructions well, have faithfully gone through with the drill, which, on account of its nature, must be sometimes irksome. The officers have shown marked ability in directing and drilling their men and are to be commended on the acquaintance they showed with the terms of the manual.

The inspection marks the end of military instruction in the College for the year. Belts, bayonets and accoutrements were stored away until the vacation is over and the College bell next term reassembles the students after their summer vacation. Captain Barbour is hopeful, however, of getting the boys out in line on Decoration Day.

The Senior class' two weeks vacation begins on next Monday and as the commissioned officers are members of the outgoing class it is uncertain whether they will be in the city on that date. But an effort will be made to detain the boys here on that day in order that the company may appear with its regular officers.

#### ENTHUSIASTIC PREPARATIONS

Being Made by the A. O. U. W. for the Picnic at Buckeye Eureka.

The Ancient Order of United Workmen is making enthusiastic preparations for its picnic and dance to be given at Eureka-Buckeye Park on Decoration Day, afternoon and evening. A boat has been chartered for the occasion and will make hourly trips to and from the pleasure grounds. The Marietta Orchestra will be on hand to furnish music for the dancers. The various amusements at the Park will all be in condition for patronage by the picnickers.

Supper will be taken by the lodge members and served under the trees of the Park. With favorable weather the attendance will probably be large.

#### High School Hand Outs.

The final examinations for the year are being endured by the students at the High School this week. To the Seniors the examination mean the decision of the class honors, about which hangs the always mystifying air of doubt. The general expectation among their classmates is that Miss Heller and Grover Pierpoint will be the lucky ones to win first and second places. The question will be settled next Monday, when the announcements are to be made.

The class of '01 will be entertained at the beautiful home of Mr. Edwin Stacy up the Muskingum, next Friday. They will go out in a large band wagon and spend the afternoon and evening at the Stacy residence.

#### World's Record was Broken.

By Associated Press.  
Springfield, Ill., May 21.—The world's record in a live bird contest was broken today at the Illinois Gun Club's grounds in this city. In the smokeless powder championship trophy shoot at 25 live pigeons, miss and out, Fred Gilbert, of Spirit Lake, W. R. Crosby, of O'Fallon, Ill., and H. J. Seane, of Danville, Ill., killed the one hundredth bird. This evening the match was postponed until tomorrow.

#### Manufacturers will Fight the Strikers.

By Associated Press.

Employers are securing machinists from other cities to run their plants. Two employers, not in the Association, settled with the men.

# G. A. R., Attention!

We had great difficulty in securing the Regulation Blue Suit this season, but by going direct to the mills and buying the goods in the piece, then sending it to the manufacturers we were able to get 100 suits at NO ADVANCE IN PRICE. Be careful this year, there are more IMITATIONS on the market than was ever before known. We have Blue Suits for \$5.00, \$6.00, \$7.00 and \$8.00, but nothing is too good for the old comrades, so we advise buying the "Regulation" suit. Finest, never-fade blue goods, elegantly trimmed, cut to fit and every pair of pants full lined. REMEMBER! All blue suits are NOT the regulation. We are the only house in Washington County that have the GENUINE REGULATION G. A. R. SUIT.
